#### Corporate Information: Just Dial

\*The company started offering local search services in 1996 under the Justdial brand and is now the leading local search engine in India.

\*The official website [www.justdial.com](http://www.justdial.com) was launched in 2007.

\*Justdial's search service is available to users across multiple platforms, such as the internet, mobile Internet, over the telephone (voice) and text (SMS).

\*Justdial's search service bridges the gap between the users and businesses by helping users find relevant providers of products and services quickly, while helping businesses listed in \*Justdial's database to market their offerings. Justdial has also initiated its 'Search Plus' Services for the users. These services are aimed at making several day-to-day tasks conveniently actionable and accessible to the users. With this step, Justdial is transitioning from being purely a provider of local search and related information to being an enabler of such transactions. Justdial intends to provide an online platform to thousands of SME's to get them discovered and transacted.
